

What aspects of your experience were extraordinary? Hard to pick just one - every part of the process was so well handled and felt effortless; the initial showings, the fast and easy email correspondence, the ABSOLUTELY FABULOUS lender recommendation (Mike at BB&T), Ben's professionalism and expert care and attention, and the simplest and fastest closing I've ever been through. I feel lucky to have "stumbled upon" your agency as I did. Without your help, I'd probably still be renting some miserable little apartment. I won't be able to recommend your agency highly enough - the entire process was an absolute pleasure. You're the best!
