

Maria Fernandez is the most exceptional real estate agent with whom we have ever dealt, and we have bought and sold homes for over 2 decades. We flew to DC four times over 12 months to work with her; she was always ready with excellent listings and sage advice. Her knowledge of the DC market and environs was excellent. Although the agent technically works for the seller, she was our advocate through the entire process, including a complicated closing which she leveraged into an 11th hour fiscal bonus for us. Her professionalism is tops. We found her on Yelp, and the 5 Stars were right. Do not hesitate to engage her for your home search.
