

We had an outstanding experience working with Maria. She is so patient, pleasant, and caring. Throughout several months we worked with Maria, she did everything promptly, efficiently, and more importantly calmly with smile. In the last few months during our long negotiation, she always listened to our concerns and provided good advice, communicated our concerns to seller's agent, and filed for at least 8 addendums without showing any sign of frustration. She paid attention to the detail just like she was buying the property for herself! In short, Maria is an ideal realtor, and we believe she is an asset for your company and has a bright future. For your information, We will definitely recommend her to our friends and colleagues. So, I guess her grade is 10!
