

I wanted to thank you both directly for a spectacular job on the sale of my condo at 1215 10th St. NW. I know that I have been mostly behind the scenes since I'm currently living abroad, but all the reports I had from my Dad as we went through the process were extremely positive. And the outcome, of course, speaks for itself!

Thanks again for a terrific job and for the pleasure of working with such professionals.
