

Maria was absolutely exceptional! Maria was punctual in every aspect. She would respond to every email in a timely and professional manner. She would also arrive to every meeting fully prepared and informed. Maria listened carefully to every detail and was successful in providing us with home options that met all requests. I would even say that she went above and beyond what other realtors would do in order to help us as first-time buyers. Maria has been the most trustworthy real estate agent that we have met. She was professional throughout the process and made sure we were comfortable and informed every step of the way. I would specifically recommend Maria Fernandez to all friends, family, and co-workers! She represented Valentino & Associates wonderfully. I would hope all other agents are just as patient, kind, professional, intelligent, personable and punctual as she is.
