

“I wanted to...share my praise for the wonderful service that Maria provided as we searched for a home. It was a 10. We were complete novices going into the house purchasing process, and Maria educated us the whole way through. She was patient, creative and thoughtful. There were days that we requested to visit a house with no more than an hour advance notice. Maria made it happen, and if she couldn't be there, one of her teammates was there. We have a great home and are thankful for all of the help we received.”
